

# Higher Visions For Education

## Artful Expression and Creativity

Fall 2017

### Week 2 Summary

This week, students were excited to get out onto campus, with the assistance of our guest artist [Emily VanSwearingen](#), to explore and photograph each other showing various emotions. Emily also took individual portraits of each student. Students will be using these photos in September for their multimedia self-portrait projects. **If your student has photos on their own cameras or iPads that they would like to use for the project, please email them to Sally ASAP.**

Next week, local professional visual artist [Kaitlyn Tucek](#) will be coming to class to teach us the basics and visual strategies of creating landscape watercolors. **Students may bring a photograph of their favorite place/landscape for inspiration**, but this is not required as Kaitlyn will have several for students to choose from.

Thank you to everyone for getting in your t-shirt size. RMDSA is generously buying these shirts for us, so **please take good care of them**. Any future replacements will need to be purchased by the student.

If your student and/or family would like to walk with HVE and YPB for the Step Up walk, please register them on our [team page](#) so we know who is coming.
