

## **Creative Exploration and Self Expression**

### **Quarter 3, 2019**

We are so excited to announce that this quarter's class will be taught in conjunction with several professional teaching artists from the Art Garage (Denver). Kelly Craighead and Joy Giles will be teaching on Wednesdays, and Emily vonSwearingen and Stuart Sachs will be teaching on Thursdays. The students will spend the semester learning a variety of mediums and working on an individual panel puzzle piece, which will all fit together to create a large class mural at the end of the semester. **Class drop-off and pick-up will still be the same time (5:00-7:00pm) and the same place. Students should come to class ready to get messy.**
