

Quarter 4, 2017 Week 3 Summary

It was a very exciting week, as all students now have their iPads and are up and running. This week we practiced several skills on the iPad, including:

- Connecting to the DU guest wireless
- Navigating the calendar
- Inputting events into the calendar
- Opening and searching youtube
- Finding and using Youtube fitness videos
- Opening and using the notes feature

Feel free to email Sally with any questions about logging into the iPad. The login codes are all currently set to 1111, unless your student selected to change theirs. Next week, we are very excited to introduce ways to use the iPad for personal hygiene goals, and welcome guest speaker Rosie Painter to review the details and importance of dental hygiene.

For homework this week, students should:

- 1. Connect their iPad to their home wireless (they may need help with this the 1st time)**
- 2. Take a photo with their iPad**

For those students using their own iPads, the apps we have downloaded so far are:

5 minute yoga
Time2brush
Stop, Breathe & Think
Recipe Keeper
Youtube

*Thank you so much to all of the HVE friends and families for your great attendance and support at our 3rd annual art show. It was a huge success and the students are so appreciative of your support! You can see photos from the event on our [Facebook page](#).
